Hi Andy and Nathalie,

Thanks, both of you, for your edits. I think it will be important to reflect that I have coordinated with you two. Do you mind if I include your names? See below for draft text.

Lead: Catherine Gockel, Office of Water and Watersheds, Environmental Protection Agency Region 10 gockel.catherine@epa.gov

Andy James (the Puget Sound Ecosystem Monitoring Program's Toxics Workgroup Coordinator) and Nathalie Hamel (the Puget Sound Ecosystem Monitoring Program's Birds and Mammals Workgroup Coordinator) also contributed to this document.

I'm going to reformat this document to make it more visually interesting, then send it out.

Best,

Catherine

I added my edits and comments to Andy's. Nothing major but take a look and let me know if you have questions. Thank you for the opportunity to add a few bits of info here and there.

Best,

Nathalie

Hi.

I have made some edits to the letter, essentially adding information on the PSEMP priorities. Please have a look and let me know if you have any further questions or comments. I think it may be useful to add a sentence or two in closing, but is probably not necessary. Otherwise I am fine with sending the document forward as written.

Best.

Andy

Good morning!

Just checking in on the status of your changes to the PBDE letter. I'd like to get that out the door.

Thanks,

Catherine
